

SAN BERNARDINO COUNTY STORMWATER PROGRAM

A Consortium of Local Agencies

CONSTRUCTION BMP WORKSHOP

The County of San Bernardino County Stormwater Program with assistance from Pardee Homes is sponsoring a half-day classroom and field based training on erosion and sediment control BMPs.

This workshop is a hands-on training opportunity for those working in the construction inspection field to learn about:

- Proper construction BMP installation
- BMP maintenance and repair
- Identify improper BMP installations
- An overview of construction stormwater inspection procedures
